EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. John Genova on 10-1-08.

The application has been amended as follows:

In claim 33, line 2, delete "and man by administering to a host"

In claim 33, line 2, after "thereof" insert "by administering"

2. The following is an examiner's statement of reasons for allowance: Instant claims require a tablet in which a first component comprising a proton pump inhibitor (PPI) is protected by an enteric layer and is separated from the second component containing an NSAID. The prior art of record teaches a combination of PPI and an NSAID and recognizes the need for enteric coating of PPI to protect from acid degradation. However, the prior art of record does not provide any motivation to separate NSAID from PPI by enteric coating of PPI alone or enteric coating of both PPI and NSAID.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
